------------------------	------------

These are the most elegant and attractive Seeds in packets in the trade. They sell themselves. They have been reduced this season from \$25.00 to \$20.00 per 1,000 packets, and from \$3.00 to \$2.50 per 100.

It is to the interest of all merchants who sell seeds to keep Buist's Growth, as no seeds are ever put up in packets but the new crop of each season, those left over from the previous year are cut out whether they grow or not. The result is our seeds will grow equally as well the second year as the first, and many will grow equally as well the third year; such as Beet, Cabbage, Collards, Celery, Cucumber, Kale, Lettuce, Mustard, Parsley, Radish, Pumpkin, Squash, Tomato and Turnip, that is, of course, provided they have been properly kept from heat or dampness.

In the Southern States there are more of them sold than all other brands combined. They are of new crop each season and grown by us from selected seed stocks. There could be nothing finer produced than what we send out.

**Terms of Sale.**—Four months credit—cash discount, five per cent. if paid within ten days. Accounts are subject to draft when due.

**Net Cash Goods** are Onion Sets, Potatoes, Bird Seed, Grass, Clover and all other Agricultural Seeds, and must be remitted for when ordered, or be subject to sight draft on shipment.

**Perishable Goods.**—Onion Sets and Potatoes are always shipped by us in the very finest order, and packed to carry safely; but as they are subject to damage by excessive heat or cold in transit, over which we have no control, such risk must be assumed by the purchaser. No claims can be allowed for damages.

**Barrels, Boxes and Sacks** are charged at cost. We deliver all goods F. O. B.

**Seed Cabinets.**—Display Cabinets made of Ash at \$2.00 each. Flat Walnut Cabinets at \$2.50 each. Large Walnut Cabinets containing 49 separate drawers, \$15.00. These cabinets contain no seeds.

SELECTED  
Seed Stocks.

ARE CELEBRATED FOR  
Their Purity, Fine  
Quality,  
Strong Growth.

WE SELL 10 POUNDS OR OVER AT 100 POUND QUOTATION.

YOUR GARDEN SEED TRADE CAN BE VERY MUCH INCREASED by handling Buist's Prize Medal Seeds; they are not only the most Popular, but the most Salable. No profit is ever made by the merchant in handling cheap seeds, as he quickly loses both trade and reputation—they are either old stocks or of an inferior quality. The market is overflowing with old bankrupt stocks, some of which are as old as our grandfather's clock; they are good enough to burn but not to sow—look out for them.

THESE QUOTATIONS are for prompt orders, which we book now and ship at date desired. IF YOU ARE a large purchaser of seeds, write for special prices, enclosing a list of your requirements.

## PEAS.

The Buist's Morning Star Peas which we introduced a few years since is the earliest and most productive variety known, and is regarded by Market Gardiners as their best and most profitable shipping variety. For protection to ourselves and to insure the purchaser true stock, we sell them only in our Sealed Packages and lead Sealed Sacks, each Seal is stamped Buist. The latter are of green muslin and contain  $\frac{1}{8}$ ,  $\frac{1}{4}$ ,  $\frac{1}{2}$ , or one bushel each. Its great popularity has caused almost every dealer to catalogue them and a cheap grade of Extra Earlys is substituted. Observe, unless they are put up in green sacks and sealed with our name they are spurious.

Over one-half the Peas sold in this country are grown without any regard to their purity—the result is the varieties become very much mixed, are full of runners, and produce very small pods. All low priced peas offered are of this stamp.

**COLLARDS.** WE MAKE the growing of Collard Seed a specialty, and annually sell more seed than any other house in the trade. It is acknowledged that we have the best heading White Stem Cabbage Collards known in the South. The great importance of securing a fine strain is well known by every Southern merchant, as it is one of their most important crops. The cheap Seed offered by the trade is imported from England and is more of a Kale or Wild Cabbage than Collards, and causes great dissatisfaction.

**EGG PLANT.**

Most of the Egg Plant Seed sold by the trade is of Southern growth, which, owing to poor seed stock, produces imperfect fruit, both in form and color. The Seed which we offer is of our own growth (we annually grow 25 acres), and there is no finer stock known than the Buist's Improved, which is the best market variety.

**OUR ONION SETS** as they are pulled from the ground before the tops are dead, showing uniformity of size.

We are the most extensive growers and shippers of Onion Sets in the trade, with a reputation of shipping the finest samples. They are smaller, more uniform in size, and better cleaned than those of Western growth, and will keep longer without sprouting. We also use a  $\frac{7}{8}$  mesh in cleaning them, while Western and many other growers use an inch, making our sets of much smaller size. The measure we send out is also much larger than Western shippers supply. We also fan and clean each shipment separately. Onion Sets are net cash and subject to cost for barrels and crates in packing.

**To Keep Onion Sets:** On arrival, spread them out thinly, in a cool, airy situation, giving them air during the day, and closing the windows at night. Shade them from the light to prevent sprouting. When they are perfectly dry thicken up to about two and a-half inches deep and turn them over occasionally.

Buist's Prize Lawn Grass in Cartoons

# BUIST'S Lawn Grass Seed

IS VERY SALABLE BECAUSE IT GROWS QUICKLY.

The Buist's Mixture of Grass Seeds for Lawns, Parks, Tennis and Cricket Grounds has long been famous for producing a succession of verdure throughout the year, it is composed of the finest varieties of grasses, each of which has its season of beauty, and the result of this blending is the producing of a sod which is not only always evergreen and velvety in appearance, but of the color and beauty of an emerald. Many of the more famous lawns of our country were seeded down with the Buist's Lawn Grass, the preparation of which is a specialty with our house, which many years of experience has suggested; it requires from 4 to 5 bushels to sow an acre, or for renovating old lawns about half that quantity.

# 1898 is the 70th Year for Buist's Garden Seeds.

OUR business was established in the year 1828 by Robert Buist, the father of present Robert Buist; through this long period of years, we have made the growing of Garden Seeds from selected seed stocks a specialty, and the great importance of following this system is or should be familiar to all growers. It has established the great reputation that Buist's Garden Seeds have attained for their purity and reliability. If vegetables, from which seeds are grown are inferior or impure, so will be their product. It is a well-known fact that over one-half of the garden seeds annually produced in this country are grown from crops without the slightest care or attention given to their purity. ANOTHER great feature in favor of our establishment is that we Commission no Seeds, and therefore have no old stocks returned, we know what we require for our trade and grow accordingly. The great outlet for old seeds which commission houses have is in supplying seeds in bulk, which are generally purchased by the inexperienced merchant "because cheap," but unfortunately he never considers the great distress such seeds cause those who sow them.
